Public Workshop on Carlyle Lake Water Control Operations and Dam Safety to be Held

Carlyle Lake – A public workshop to discuss this past year’s water control operations and dam safety at Carlyle Lake is scheduled for Tuesday, November 9, 2010 at 6:30 p.m. at the Mariner’s Village Inn and Suites Convention Center. Presentations will be given on water control procedures and dam safety by members of the St. Louis District U.S. Army Corps of Engineers staff. The staff will also host a question and answer session regarding operations.

For more information, contact the Carlyle Lake Project Office at (618) 594–2484 or email at carlylelake@usace.army.mil.
