Appendix F
Environmental Compliance

APPENDIX F. ENVIRONMENTAL COMPLIANCE

This appendix includes the following enclosures supporting the environmental compliance of the study:

1. Fish & Wildlife Coordination Act: Email from USFWS dated 17 May 2021 opting not to issue a Fish and Wildlife Coordination Act (FWCA) Planning Aid Letter (PAL) or full FWCA report at this time due to limited staffing. Endangered Species Act Section 7 consultation took place during the Draft Report public review period in April 2022.
2. Endangered Species Act: IPaC Report obtained on 23 April 2021 from the Columbia, MO Field Office.
    a. USFWS Concurrence obtained on 3 May 2022.
3. State Listed Species: Missouri Department of Conservation (MDC) Natural Heritage Review Level Two Report: State Listed Endangered Species and/or Missouri Species/Natural Communities of Conservation Concern dated 15 June 2021.
    a. Letter of response from Missouri Department of Natural Resources State Historic Preservation Office dated 9 June 2021.
4. Environmental Justice: EJScreen Report (Version 2019) obtained on 6 October 2020.
5. Section 106: Consultation letter sent to the Office of Historic Preservation, Missouri Department of Natural Resources, on 25 May 2021.
    a. MO SHPO responded on 9 June 2021 to provide the project with a SHPO Reference Number of: 076-SL-21.
6. Section 106: Consultation letter sent to the Office of Historic Preservation, Missouri Department of Natural Resources, on 8 April 2022. Subject: SHPO Number: 076-SL-21: Refinement of the Plan for the River Des Peres, University City, General Reevaluation Report, St. Louis County Missouri.
    a. MO SHPO response dated 4 April 2022 was provided concurring with the determination of "No Historic Properties Affected"; however, this document is digitally protected and is not included as an enclosure.
7. Tribal Coordination: Letters sent to 23 Tribal entities 15 June 2021 and 16 March 2022.
    a. Response correspondence from the Eastern Shawnee Tribe of Oklahoma, Nottawaseppi Huron Band of the Potawatomi (NHBP), Miami Tribe of Oklahoma, and United Keetowah Band (UKB). The responses generally stated the recommended plan had no impacts to their known sites of interest at this time.
8. Regulatory: Letter from USACE Missouri Section, Regulatory Branch, regarding Detention Basin 4 (DB4) Clean Water Act Section 404 permit requirements, April 4, 2022
9. Environmental Quality and HTRW: Phase I Environmental Site Assessment Report, March 28 2022. The report states that no Phase II Environmental Site Assessment (ESA) is required for DB4.

Enclosures follow.
