III. WATERWAYS EXPERIMENT STATION LITERATURE

<u>Number</u>	<u>Date</u>	<u>Title</u>
2-155	Feb. 1956	Comments on the Shoaling Problem in Southwest Pass, Mississippi River.
Paper 13	Aug. 1933	Model Study of Shoaling Below Starved Rock Lock Dam, Illinois River.
Paper 15	Jan. 1934	Model Studies for Channel Stabilization, Mississippi River.
Unnumbered	May 1945	Laboratory Study of the Meandering of Alluvial Rivers (studies conducted from 1942-1944).
2-403	Apr. 1955	Shoaling in Downstream Navigation Entrance to Chain of Rocks Canal, Mississippi River Hydraulic Model Investigation.
H-72-7	Nov. 1972	Shoaling Conditions, St. Louis Harbor, Mississippi River; Hydraulic Model Investigation by J.J. Franco.
4-630	Feb. 1964	Terrain Reconnaissance with Electromagnetic Sensors.
4-791	Feb. 1966	Report of Conference of the Board of Consultants on Remote Terrain Analysis by Electromagnetic Means; Waterways Exp. Sta., 18-19, Nov., 1965, AD 747 095.
4-822	May 1966	Effects of Soil Layering on use of VHF radio Waves for Remote Terrain Analysis, by H.J. Nikodem, AD 747 096.
4-6	June 1951	PURDUE UNIVERSITY, ENGINEERING EXPERIMENT STATION, Lafayette, Indiana, Application of Airphoto Pattern Analysis to Soil Trafficability Studies:
3-126	May 1955	Book Three-Alluvial Patterns Geologic Conditions at the Low-Sill Structure, Old River Control Site.
3-259	Feb. 1958	Geologic Investigation of the Mississippi River-Gulf Outlet Channel.

<u>Number</u>	<u>Date</u>	<u>Title</u>
3-341	June 1959	Sources of Pertinent Geologic Data for Lower Mississippi Valley Division Engineers.
3-481	Apr. 1962	Distribution and Engineering Significance of Sediments Bordering the Mississippi from Donaldsonville to the Gulf.
3-675	Sept. 1964	Stratigraphic-Sedimentological Investigation of Mississippi River Bank Failure, Fort Jackson, Louisiana, by D.J. Stanley.
S-70-29	Aug. 1970	Geological Observations of the Origin, Nature and Distribution of Mudlumps, Barrier Islands and Oyster Reefs of Coastal Louisiana, by C.R. Kolb and R.T. Saucier (Revised).
Unnumbered	July 1947	Fine Grained Alluvial Deposits and Their Effects on Mississippi River Activity, In 2 volumes.
3-288	June 1949	Geological Investigation of Mississippi River Activity, Memphis, Tennessee, to Mouth of Arkansas River.
3-311	May 1950	Geological Investigation of Faulting in the Lower Mississippi Valley.
3-318	Sept. 1950	Bank Caving Investigation, Morville Revetment, Mississippi River.
3-480	June 1958 (Revised March 1958)	Geological Investigation of the Yazoo Basin, Lower Mississippi Valley.
3-483	July 1958	Geology of the Mississippi River Deltaic Plain, Southeastern Louisiana. In 2 volumes.
3-601	June 1962	Distribution of Soils Bordering the Mississippi River from Donaldsonville, Head of Passes.
3-712	Jan. 1966	Selected Geologic Literature, LMVD Area, Index and Annotated Bibliography, by R.T. Saucier, AD 628 983.
S-69-4	Mar. 1969	Geological Investigation of the Ouachita River Area, Lower Mississippi Valley, by A.R. Fleetwood, AD 730 660.
S-69-8	Sept. 1969	Geology of Backswamp Deposition in the Atchafalaya Basin, Louisiana, by E.L. Krinitzsky and F.L. Smith, AD 695 617.
S-71-5	June 1971	Geological Investigation of the Western Lowlands Area; Lower Mississippi Valley, by R.T. Saucier and F.L. Smith.
5-1	July 1947	Geological Investigation of Reid Bedford Caving Area.
5-2	June 1948	Field Investigation of Reid Bedford Bend Revetment, Mississippi River, Vol. 1 Text, Vol. 2 Plate, Vol. 3 Appendix A-Soils Investigation.
12-15	Sept. 1965	Geological Influences on Bank Erosion Along Meanders of the Lower Mississippi River, by E.L. Krinitzsky.
20-1	Dec. 1965	Effects of River Stages of Bank Stabilization; Analysis of Field Data; Potamology Research Project 1, by J.J. Franco.

<u>Number</u>	<u>Date</u>	<u>Title</u>
8-1	June 1950	Hardscrabble Bend, Mississippi River, Revetted Bank Failure; Soil Investigation.
9-1	Nov. 1951	Bank Caving Investigations, Kempe Bend Revetment, Mississippi River; Soils Investigation.
11-5	Oct. 1949	Minutes of Conference with Soils Consultants, Stability of Mississippi River Banks, 5 & 8, October, 1949.
12-21	Oct. 1972	Verification of Empirical Method for Determining River-Bank Stability-1968 & 1969 Data, by V.H. Torrey. Latest in Series.
13-1	June 1952	Bank Caving Investigations, Huntington Point Revetment, Mississippi River; Field Investigation.
15-1	May 1952	Bank Caving Investigations, Free Nigger Point and Point Menior, Mississippi River, Soils Investigation.
16-1	Sept. 1953	Development of Operating Technique for and Verification.

IV. UMR LIBRARY

QE - 699 - .U5 - 1944

Subject - Geological Investigation of the Alluvial Valley - 1944

Part I - Alluvial Valley

Part II - The Recent Alluvium

Part IV - The Alluvial Plain

Part V - Recent Geological History

Part VI - The Mississippi River

Part VII - Summary and Conclusions

Aerial Photographs and Contour Maps

QE - 581 - .s69 - 1955

Subject - Sediments of the Eastern Mississippi Delta and Sandless Coastal Terrain of the Atchafalaya Bay Area

TC - 425 - .M63512 V. 1-3

Subject - Mississippi River and Tributaries Project of 1962 Maps

TC - 425 - .M6M3

Subject - Remaking the Mississippi - 1909 Des. of River Regularization and Canalization of the Mississippi

TC - 425 - .M6A5 - 1914b

Subject - Separation of Red and Atchafalaya, Maps, Profile, Borings, and Cross-Sectional Comparison

631.8 - Un 3 - no. 838

Subject - Floods of Ohio and Mississippi Rivers of 1937 (general features of the flood)

TC - 425 - .M6B4

Subject - Flood Records from 1718-1927, General References, Levee Districts Published - 1928.

TC - 425 - .M6A5 - 1928 e

Subject - A Bill passed on Flood Control in the Mississippi Valley;
Description of Levees of 1882; Discharge at St. Louis and Ohio
River and Its Tributaries; Waterways Experiment Station Potamology
Investigation (Report No. 12-15, 1965)

GB - 1215 - .u6 - v.1921 - 1945

Subject - Daily River Stages by U.S. Weather Bureau; River Gaging, Date
of Establishing Station River, Distance Above Mouth of River, Drain-
age Area Above Station, Flood Stage, Lowest Water and Date, Highest
Water and Date, Width of River at Average Low Water and at Bankfull
Stage, and Elevation of Zero Gage Above Mean Sea Level.

GB - 1213 - .R9

Subject - Rivers of North America - Analysis of River - water by parts/
1000, 1882-

GB - 1203 - .s38

Subject - River Morphology - Meandering of Alluvial Rivers by Mississippi
River Commission at Vicksburg, Miss. - Mississippi River Valley Geo-
logy Relation to River Region by American Society of Civil Engineers -
Profile of Flood Plain 1874 - Generalized Slope Profiles, Lake Chicot
Cutoff Meander

GB - 1227 - .m6F7

Subject - Ohio and Mississippi Floods of 1912 - River States - Weather
Maps and Precipitation for 24 Hours and Hydrographs
