

Clarence Cannon Dam & Mark Twain Lake

Partners

Lick Creek & Joanna Multipurpose Trails

Mark Twain Lake, in partnership with the Chaddock School, Show Me Missouri Back Country Horsemen and the Missouri Equine Council have successfully provided and maintained over 35 miles of trails utilized by hikers, bikers, equestrian riders, backpack campers, birders and hunters. These trails provide an excellent source of exercise and primitive camping. The Missouri Equine Council, through a grant, was able to partner with the Corps of Engineers and construct the Frank Russell Recreation Area Corral, which is for registered campers only.
