Re: Draft Final FUSRAP Record of Decision for the Iowa Army Ammunition Plant Superfund Site
Middletown, Iowa submitted via letter dated July 12, 2011

Dear Ms. Cotner:

The U.S. Environmental Protection Agency has received the referenced document on behalf of the Iowa Army Ammunition Plant, formerly Utilized Sites Remedial Action Program.

The EPA has no further comments on the Draft Final Record of Decision. This also formally completes the EPA's review period.

Please provide the Final ROD with appropriate signature by August 23, 2011. This date also provides three weeks for signature within the Corps of Engineers, as requested by you. In addition, this date provides for the EPA to plan for signature and documentation. If you have questions or concerns, please contact me at (913) 551-7763.

Sincerely,

Sandeep Mehta, P.E.
Remedial Project Manager
Iowa/Nebraska Remedial Branch
Superfund Division
