

# Public Notice

**US ARMY CORPS  
OF ENGINEERS**  
St. Louis District  
**Gateway to Excellence**

**Reply To:**  
**U.S. Army Corps of Engineers**  
**Attn: CEMVS-OD-F**  
**1222 Spruce Street**  
**St. Louis, Missouri 63103-2833**

Public Notice No.

**P-2938**

Public Notice Date

**December 23, 2015**

Expiration Date

**January 13, 2016**

**Postmaster Please Post Conspicuously Until:**

Interested parties are hereby notified that an application has been received for a Department of the Army permit for certain work in waters of the United States, as described below and shown on the attached maps.

**COMMENTS AND ADDITIONAL INFORMATION:** Comments on the described work should reference the U.S. Army Corps of Engineers File Number shown above and must reach this office no later than the above expiration date of the Public Notice to become part of the record and be considered in the decision. Comments should be mailed to the following address:

U.S. Army Corps of Engineers  
Regulatory Branch  
1222 Spruce Street  
St. Louis, Missouri 63103-2833  
ATTN: Amy Henke

**APPLICANT:** City of St. Louis Fire Department, 1421 N. Jefferson, St. Louis, MO 63106

**LOCATION:** The project area is located at 38.5881, -90.2078, City of St. Louis, Missouri.

**PROJECT DESCRIPTION:** The applicant seeks authorization to dock three response boats on the Mississippi River at approximate Mississippi River mile 176.6, along the right descending bank at the Corps of Engineers dock at the foot of Arsenal St, City of St. Louis, Missouri. The boats include a 45' aluminum hull fire boat, a 27' aluminum hull response boat, and a 27' fiberglass hull response boat. It is expected that in most cases there would only be two boats moored at any given time.

**ADDITIONAL INFORMATION:** Additional information may be obtained by contacting Amy Henke, Project Manager, U.S. Army Corps of Engineers, at (314) 331-8649. Your inquiries may also be sent by electronic facsimile to (314) 331-8741 or by e-mail to amy.c.henke@usace.army.mil.

**AUTHORITY:** This permit will be processed under the provisions of Section 10 of the Rivers and Harbor Act.

**SECTION 404 (b)(1) EVALUATION:** The impact of the activity on the public interest will be evaluated in accordance with the Environmental Protection Agency guidelines pursuant to Section 404 (b)(1) of the Clean Water Act.

**PUBLIC HEARING:** Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for public hearings shall state, with particularity, the reason for the hearing,

**ENDANGERED SPECIES:** A preliminary determination, in compliance with the Endangered Species Act, as amended, has been made that the work that is proposed would not affect species designated as threatened or endangered, or adversely affect critical habitat. Therefore, no formal consultation request has been made to the United States Department of Interior, Fish and Wildlife Service. In order to complete our evaluation, comments are solicited from the Fish and Wildlife Service and other interested agencies and individuals through this Public Notice.

**CULTURAL RESOURCES:** The St. Louis District will evaluate information provided by the State Historic Preservation Officer and the public in response to this public notice and we may require a reconnaissance survey of the project area.

**EVALUATION:** The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the described activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit that may reasonably be expected to accrue from the described activity must be balanced against its reasonably foreseeable detriments. All factors, which may be relevant to the activity described, will be considered including the cumulative effects. Among factors considered are: conservation; economics; aesthetics; general environmental concerns; wetlands; historic properties; fish and wildlife values; flood hazards; flood plain values; land use; navigation; shoreline erosion and accretion; recreation; water supply and conservation; water quality; energy needs; safety; food and fiber production; mineral needs; consideration of property ownership; and in general the needs and welfare of the people.

**SOLICITATION OF COMMENTS:** The U.S. Army Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of the proposed activity. Any comments received will be considered by the U.S. Army Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this proposal. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the proposed activity.

  
for DANNY D. MCCLENDON  
Chief, Regulatory Branch
