GOOSE HUNTING OPPORTUNITY IN THE OKAW WETLANDS

Lake Shelbyville: January, 2008 – Nine waterfowl blinds are available for the remainder of the 2007-2008 goose hunting season at the U.S. Army Corps of Engineers' Okaw Wetlands. Interested hunters are not required to obtain a special use permit. Hunting will be on a first-come, first-served basis. Due to the limited size of the area, all hunting shall take place from the blinds. Legal hunting hours are from one-half hour before sunrise to sunset. Most of the blinds will accommodate a maximum of three people, two hunters and one observer. However, four hunters can hunt from blind number ten. Blind number three is designed for hunters with disabilities.

For further information, contact the Environmental Stewardship Department at the Lake Shelbyville Project Office at (217) 774-2513.
