Coldwater Creek Flood Risk & Mitigation Analysis

Investigations (FRM) – Interagency Nonstructural / Silver Jackets

Contact:

Matt Jones, Project Manager
(314) 331-8293
matthew.a.jones@usace.army.mil

Location: This interagency project will evaluate the Coldwater Creek watershed, with emphasis on flood prone sections of an intensely urban watershed within six disadvantaged communities of Berkley, Breckenridge Hills, Bridgeton Terrace, Hazelwood, Florissant and Woodson Terrace.

Description:

Increased frequency and intensity of severe weather is increasing flood risk with documented flood damages occurring in the watershed fourteen times between 1957 to 2013 and now a new historic flood on 26 July 2022 induced by a 500-year rainfall frequency event. This mid-summer flood occurred during a time of drought on 26 July and occurred again on 4 August 2022 resulting in Presidential Disaster Declaration DR-4665-MO. St. Louis District will assemble a multi-disciplinary team to coordinate with interagency partners on the identification of specific mitigation actions and prioritization of those measures to effectively reduce future flood damages in this vulnerable area.

Status: This project was competitively selected and will be funded in FY24.

Importance:

The objective of this interagency nonstructural project will be used to assess areas of repetitive flooding, locate individual or clusters of flood prone structures, determine which structures incur the most frequent or severe losses, evaluate mitigation measures, and assist in prioritizing mitigation projects for the purpose of reducing flood risk and increasing community resiliency.

Authority:

USACE Interagency Nonstructural / Silver Jackets (SJ), Section 206 of the Flood Control Act of 1960, as amended (33 U.S. Code § 709a).

Schedule:

- District Receipt of Funds: October 2023
- Draft Report: August 2024
- Report Approval: December 2024

Activities for FY24: Initiate the project, collect data from partners (i.e., HEC-RAS models and GIS data).

Activities after FY24: Finalize report, Public meeting.

Project Partners: FEMA, SEMA, MSD, St. Louis County, City of Berkley, City of Bridgeton Terrace, City of Florissant, City of Breckenridge Hills, City of Hazelwood, City of Woodson Terrace, East-West Gateway Council of Governments, U.S. Economic Development Administration

Congressional Interest: Senate: Hawley (MO), Schmitt (MO) House: Bush

Financial:

Estimated Federal cost: \$214,000
Estimated Non-Federal cost: \$0
Total estimated cost: \$214,000

Total Federal funding to date: \$0
