REPLY TO
ATTENTION OF:

Formerly Utilized Sites Remedial Action Program Project Office

SUBJECT: St. Denis Bridge, as Defined by the Post Remedial Action Report (PRAR) for the St. Denis Bridge Area - July 1999

Honorable James J. Eagan
Mayor of Florissant
955 Rue St. Francois
Florissant, Missouri 63031-4925

Dear Mayor Eagan:

I am pleased to notify you at this time that the removal action performed under the direction of the U. S. Army Corps of Engineers as part of the Formerly Utilized Sites Remedial Action Program (FUSRAP) has been satisfactorily completed at the location referenced above. This letter has been sent certified mail to assure you are in receipt of this important notification.

The removal action at the referenced location was authorized by and performed according to the Engineering Evaluation/Cost Analysis (EE/CA)-Environmental Assessment for Proposed Decontamination of Properties in the Vicinity of the Hazelwood Interim Storage Sites (HISS), Hazelwood, Missouri - March 1992. Radiological data obtained during this effort have been analyzed and the U. S. Army Corps of Engineers can confirm that radiological contamination above established cleanup levels has been successfully removed. Based on these analyses, the St. Denis Bridge, area of excavation, as defined by the Post Remedial Action Report (PRAR) for the St. Denis Bridge Area - July 1999, can be used without restriction.

I know that the process of surveying, sampling, planning and removing radiological contamination has been lengthy. Thank you for your patience and cooperation throughout the process. Although our work at your property is complete, please do not hesitate to call the FUSRAP Project Office at (314) 524-4083 if you have any questions about this work or about our work in general in your community.

Again, on behalf of the U. S. Army Corps of Engineers, and especially the St. Louis District FUSRAP team, thank you very much for your cooperation through the course of our work.

Sincerely,

Michael R. Morrow
Colonel, U.S. Army
District Engineer
