Formerly Utilized Sites Remedial Action Program

Subject: Request for Modification to NPDES Permit Equivalent for St. Louis Airport Site (SLAPS), St. Louis County, Missouri

Mr. Philip A. Schroeder
Chief, Permits Section
Missouri Dept. of Natural Resources, Division of Environmental Quality
P. O. Box 176
Jefferson City, Missouri 65102-0176

Dear Mr. Schroeder:

I am forwarding a copy of our January 23, 2001 submission regarding constituent parameters for stormwater discharge to Coldwater Creek. I understand you discussed this matter with Ms. Beth Pitrolo of our Office of Counsel. Based on the information provided, including the Technical Rationale for Selenium Stormwater Discharge Limitations prepared by our consultants, D. G. Purdy and Associates and Professional Environmental Engineers, Inc., we are seeking a varied effluent limit for selenium at our SLAPS operation.

Once you and your staff have the opportunity to review the enclosed information, we would like to schedule a meeting to explore our options in resolving this issue. I am hopeful that such a meeting could take place in early August.

Thank you for your assistance in this matter. I certainly appreciate your willingness to review what we feel is an operationally reasonable and environmentally responsible method of managing our stormwater discharges. If you have any questions, please feel free to contact Mr. Lou Dell'Orco at (314) 260-3932.

Sincerely,

Sharon Cotner
