Formerly Utilized Sites Remedial Action Program

SUBJECT: Training Session

Dear Neighbor:

As you know, a great deal of radioactive waste left over from World War II has been removed from the airport in the last few years. The U.S. Army Corps of Engineers is preparing to announce a final plan for cleaning up the remaining soil in the North County area. The plan will be released soon and we will want to hear your comments. We know this plan will use a lot of words and ideas that are technical and complicated. To help you understand what is being suggested, the Corps is offering a free two-day training session to explain the terms used. It will answer the following types of questions:

- * What is radioactivity?
- * What risks are associated with radioactivity?
- * What sort of planning process will be used? How long will it take?
- * What do these documents mean to me?
- * How does this process protect me, my workers, local residents, etc?
- * What is a risk assessment?
- * How are cleanup areas identified?
- * What happens during and after cleanup?

The training will be held on August 13th and 20th at the Hazelwood Civic Center (East) at 8969 Dunn Road, in Hazelwood, Missouri. It is open to the public and will run from 6 to 9 p.m. both nights. Although you may attend either night, we strongly encourage you to attend both.

To ensure that we have enough materials, please let us know you plan to come by filling out the attached sheet and returning it to the FUSRAP Project Office, 8945 Latty Avenue, Berkeley, Missouri 63134 or fax it to (314) 260-3941. If you have any questions, please call Ms. Jacqueline Mattingly at (314) 260-3924.

Sincerely,

Sharon R. Cotner
FUSRAP Program Manager

Formerly Utilized Sites Remedial Action Program
Training Session

DIRECTIONS:

Please help us meet your needs! If you plan to come to the training, please fill out this questionnaire and return it by August 5th to: U.S. Army Corps of Engineers, St. Louis District, FUSRAP Project Office, 8945 Latty Avenue, Berkeley, Missouri 63134, or fax it to (314) 260-3941.

1. In order to meet your needs, please tell us how well informed you are about the following topics. (On a scale of 1 to 3, "1" indicates no knowledge, "2" some knowledge and "3" well informed.)

a. FUSRAP?	1	2	3
b. North County Sites?	1	2	3
c. Radiation?	1	2	3
d. Superfund (also known as the Comprehensive Environmental Response, Compensation and Liability Act ---CERCLA) process?	1	2	3
e. Environmental cleanups in general?	1	2	3

2. Will you be bringing a friend? If so, how many?

3. Would you like to learn about these topics before coming to the training? The following websites may prove helpful.

Corps of Engineers "St. Louis FUSRAP": www.mvs.usace.army.mil. Under "District Projects" select "Formerly Utilized Sites Remedial Action Program" for a link to the St. Louis FUSRAP Project to learn about FUSRAP and the North County Sites history, status, and more.

U.S. EPA "Understanding Radiation": www.epa.gov/radiation/ to learn about radiation, the cleanup process, Superfund, how cleanup areas are identified, and more.

U.S. Dept. of Energy "Long-term Surveillance and Maintenance Program":

<http://www.doe-gjpo.com/programs/ltsm/> to learn about activities after the cleanup.

TRAINING SCHEDULE:

The training will be held at the Hazelwood Civic Center -East (8969 Dunn Road) on August 13th and 20th from 6 to 9 PM both nights. A list of specific topics follows. A new set of topics will be presented each night. Although you may chose to attend one night, we strongly encourage you to attend both evenings.

August 13th

- Introduction/Background of the North County Sites
- Radiation Basics
- Risk Assessment
- ARARs (Applicable, or Relevant and Appropriate Requirements)

August 20th

- Risk Range
- Cleanup
- Property Release
- Long-term stewardship
- Missouri Solid Waste laws
