Formerly Utilized Sites Remedial Action Program

Subject: Request for Extension of Comment Period for Document Entitled "Derivation of Site-Specific DCGLs for North County Structures," dated June 25, 2004

Mr. James G. Votaw
Wilmer Cutler Pickering Hale and Dorr, LLP
1455 Pennsylvania Avenue, N.W., 10th Floor
Washington, DC 20004

Dear Mr. Votaw:

I am writing in response to a facsimile received yesterday by this office. Specifically, you requested an extension to the public comment period for the above-referenced document. In response to that request, the public comment period will accordingly be extended until August 18, 2004.

Due to the time constraints associated with the approval of actions being taken at the North County sites, and the fact that this document was made widely available through public channels on July 7, 2004, I cannot accommodate your request for a 45-day extension. The additional time granted herein, however, should be more than ample to provide meaningful comment given the fact that the referenced document does not significantly alter the basic features of the remedy with respect to scope, performance, or cost from those previously presented in the "Feasibility Study for the North County Site." You provided extensive comments to that document on behalf of your client, General Investment Funds Real Estate Holding Company ("GIFREHC").

I feel confident that we have provided a reasonable timeframe for comment. If you have any questions, please feel free to contact our Assistant District Counsel, Elizabeth Pitrolo, at (314) 331-8192.

Sincerely,

Sharon Cotner
