No. Pages Including Cover Sheet: 3

REMARKS:

For your information –

A copy of the St. Louis Oversight Committee meeting minutes follows. The next meeting is scheduled for 11:30 a.m. on April 11, 2003 at the FUSRAP Project Office.

Please also note that the 5-Year Review for the St. Louis FUSRAP Sites is underway. Superfund requires that we seek feedback from the community on the work being performed at these sites. I've been working to contact most of you to set up time when we can talk about this work. If I haven't reached you yet and you would like to participate, please call me at 260-3924 to schedule a 15 - 30 minute appointment for this week or the week of the next Oversight Committee Meeting.

And if I don't see until next month, have a beautiful Easter!

Jacque Mattingly

Summary of Meeting

March 14, 2003

Committee Members Present: Ric Cavanagh, Sally Price, Jan Titus, Jim Grant

Committee Members Excused: Tom Manning, Tom Binz

Other Interested Parties: Ron Rauh, Jack Fauenhoffer, Lou Dell'Orco, Sharon Cotner, Jacqui Mattingly, Michael Zlatic, Larry Erickson, Eric Gilstrap, JoAnne Wade, Jill Groboski, Darryl Pigge, Elaine Brauch

The following comments are in addition to the handouts provided by USACE staff at the meeting.

Page 5 – The NPDS permit was tied to the piles. Since the piles are gone, Corps staff do not see the need to continue monitoring until more excavation is done. The March 21 GIFREHC review is on the district level.

Page 7 – The Thorium clean up criteria is the last issue. At the March 26 briefing of Vicksburg staff, St. Louis will request public release of the document. The signed cooperative agreement between USACE and MDNR was just received in the mail on 3/14/03.

Page 9 – The Five Year Review for CERCLA must be done. Jacqui Mattingly is coordinating interviews.

Page 12 – It should be noted that a presentation was also recently made to the North Broadway Business Association.

The meeting ended with a power point presentation of progress to date provided by Jill Groboski of MDNR. See progress depicted pictorially was very helpful. Thanks!
