1. Comments on the Hazelwood Interim Storage Site (HISS)/Latty Engineering Evaluation/Cost Analysis (EE/CA) pursuant to the March 17, 1998 public meeting at the Hazelwood Civic Center-East.

The meeting was interesting & the Corp seems to be concerned with the clean up to suit the residents. I hope they clean it up to residential standards & bring in the best topsoil to replace what was lost to contamination in our beloved "Valley of Flowers"
