Bechtel National, Inc.  
FUSRAP Project  
9170 Latty Avenue  
Berkeley, MO 63134

Attention: Wayne Johnson, Project Manager

Subject: Validated Data for Samples Taken From the St. Louis Downtown Site (SLDS)

Dear Mr. Johnson,

Thank you for your letter dated July 16, 1998 in which you confirmed that the chain of custody documentation for samples taken by Bechtel pursuant to remediation at the St. Louis Downtown Site is archived at Bechtel's Project Document Control Center (PDCC) in Oak Ridge, Tennessee.

The District Office of the U.S. Army Corps of Engineers has asked SAIC to gather information about how much (SLDS) validated data is there and the process that would be required to request its transfer to the USACE office in St. Louis as soon as possible.

Your prompt attention to this matter is greatly appreciated. Please contact me at 209-2950 if you have any questions.

Sincerely,

  
Betsy J. Miller
