LOCATION SKETCH/COMMENTS: A hand-drawn sketch on a grid background. It shows a curved line representing 'RR Tracks' running diagonally from the top right towards the bottom left. Another curved line, parallel to the first, is also labeled 'RR Tracks'. A horizontal line at the bottom is labeled 'Concrete wall'. A point on the grid is marked with a cross and labeled 'SLD 72469'. A line segment is labeled '114' from orange mark on wall (dune)'. Other handwritten notes include 'Susan L. Adams' and 'SCALE: Not to scale'.

• **Figure 1:** A line graph showing the relationship between the number of hours spent studying and the score on a test. The x-axis is labeled "Hours Studied" and ranges from 0 to 10. The y-axis is labeled "Test Score" and ranges from 0 to 100. The data points are (0, 0), (2, 20), (4, 40), (6, 60), (8, 80), and (10, 100). A straight line is drawn through these points, starting at the origin (0,0) and ending at (10,100).
