History

Mr. Ray Fatz, Deputy Assistant Secretary of the Army, Environment, Safety and Occupational Health, committed to conducting an Aerial Radiological Survey to Governor Tom Vilsack.

\$500,000 of ER/A funds was committed for this effort.

Agency Roles

- Project Management: Iowa AAP
- Executing Agency: Department of Energy, National Nuclear Security Administration
- Contractors: Bechtel (Flyover) and Argonne National Laboratory (QA), American Ordnance (Flyover Support)
- Regulators: Iowa Department of Public Health and USEPA, Region 7

Purpose

- Identify areas that have been affected by a release of man made radioactive isotopes and to assist in the determination of areas that have or have not been affected.
- Delineate ER/A from FUSRAP areas.
- Ensure no immediate threat to the public exists.

Possible Future Use of the Data

- Future site assessments by FUSRAP
- Determination of which sites will remain responsibility of the Army under ER/A efforts
- Worker health studies
