---

**WINTER ICE REQUIREMENTS  
Locks 24, 25, Mel Price, & 27  
St. Louis District**

1. All navigation interests are advised that effective immediately, until further notice, that ice conditions are developing in St. Louis District, and have been reported at Locks 24 and 25. As a result, the following operational aspects for lockage will go into effect immediately and until further notice. An amendment will be issued as conditions and requirements change.
2. Rake to box ice couplings the entire width of the tow, at break points of the tow, will be required at all locks when ice is present at the lock.
3. Tow configuration to ice couplings shall not be accomplished at the lock or lock approach.
4. Failure to have the tow configured properly may result in loss of lock turn.
5. There is no width restriction at this time, but this may change as ice and cold temperatures continue.
6. All navigation interests should be alert for, and abide by, any special instructions that may be issued by the Lockmaster.

**FOR THE DISTRICT ENGINEER:**
