NOTICE NUMBER:
LOCAL NUMBER: 17-12A
WATERWAY: UPPER MISSISSIPPI

EFFECTIVE: 07/10/2017 06:30 thru Until Further Notice CDT

**CHANNEL MAINTENANCE DREDGING
USACE Dredge Potter
Upper Mississippi River mile 0 - 300**

1. Commencing on 10 July 2016 and continuing until further notice, the US Army Corps of Engineers Dredge Potter will perform channel maintenance dredging at various locations on the Upper Mississippi River from mile 0 to 300.0.
2. The USACE Dredge Potter is currently performing work above Lock and Dam 25, mile 242 - 243 UMR, from 18 to 24 July 2017. Upcoming assignments will be at mile 227, 240.5, and 241.2 UMR.
3. The Dredge Potter and its attendant plant, to include tender boats, small boats, barges and pipeline, etc., will work 24 hours a day, 7 days a week. When dredging, removed material is pumped through a pontoon pipeline or self floating pipeline, which may be crossing the channel, and is placed outside of the navigation channel.
4. The Dredge Potter may be contacted on VHF-FM radio channels 13 and 16. Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made with the Dredge Potter.

FOR THE DISTRICT ENGINEER:
