**NOTICE NUMBER:** 7741-5  
**LOCAL NUMBER:** 17-12F  
**WATERWAY:** UPPER MISSISSIPPI

**EFFECTIVE:** 07/10/2017 06:30 thru Until Further Notice CDT

**CHANNEL MAINTENANCE DREDGING  
USACE Dredge Potter  
Upper Mississippi River mile 0 - 300**

1. Commencing on 10 July 2017 and continuing until further notice, the US Army Corps of Engineers Dredge Potter will perform channel maintenance dredging at various locations on the Upper Mississippi River from mile 0 to 300.0.
2. The USACE Dredge Potter started work today at mile 103 UMR. Work at this location is anticipated to be complete on 2 October 2017. Upcoming assignments are at mile 67 UMR (3 - 8 Oct), 69.5 UMR (9 -11 Oct) and mile 74.5 UMR (12 Oct).
3. The Dredge Potter and its attendant plant, to include tender boats, small boats, barges and pipeline, etc., will work 24 hours a day, 7 days a week. When dredging, removed material is pumped through a pontoon pipeline or self floating pipeline, which may be crossing the channel, and is placed outside of the navigation channel.
4. The Dredge Potter may be contacted on VHF-FM radio channels 13 and 16. Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made with the Dredge Potter.

**FOR THE DISTRICT ENGINEER:**
