**HIGH WATER LOCK CLOSURE
Jerry Costello Lock & Dam
Kaskaskia River mile 0.8**

1. All navigation interests are advised that the Jerry Costello Lock and Dam will be closed starting Friday, 22 March 2019, at 1800 hours due to high river stages.
2. At river stage 80.5 water enters the miter gate machinery recesses. Wave action is already pushing debris into the recesses at today's river stage of 80.3, making the closure necessary.
3. The lock will remain closed until water recedes below a river stage of 80.0.
4. All navigation interests should be alert for, and abide by, any special instructions that may be issued by the Lockmaster.
