Information Paper

Southeast Missouri Port (SEMO), MO

Section 107 of River and Harbor Act of 1960 (Public Law 86-645)

Operation and Maintenance (NAV)

Location and Description: This Federal project is located on the right bank of the Mississippi River between river miles 47.5 and 48.8 above the Ohio River in Scott and Cape Girardeau Counties in Southeast Missouri. The project consists of a 1,800-foot slackwater harbor with a nine-foot navigation channel, docking facilities, barge-rail-truck transfers, bagging, warehousing, outdoor storage, and nearby fleeting. It links waterborne transportation to rail and truck and provides economic stimulus to the Southeast Missouri region. The project has a Federal responsibility to dredge the approach channel and the authorized channel within the port.

- FY 2020 Allocation \$9k, FY 2020 President's Budget \$9k
 - Baseline budget \$409k
 - Channel patrol.
 - Pre- and post-dredge surveys.
 - Dredge the approach channel and authorized channel within the port.
- Activities after FY 2020 (top items listed)
 - Channel patrol.
 - Pre- and post-dredge surveys
- Issues and Other Information
 - Administration policy precludes budgeting for low-use harbors and channels
 - Port development and expansion is ongoing (state and private funds)
 - Unable to dredge in 2019 due to high river levels.
